SITUATION SUMMARY

Small Plane Crash, Mar Vista, Los Angeles County-Final

- Actor Harrison Ford, who was also the pilot, was injured after his small plane crashed during an emergency landing at Penmar Golf Course in Venice on Thursday afternoon.
- The single-engine plane reportedly crashed shortly before 2:30 p.m. onto the golf course, just west of the Santa Monica Municipal Airport, according to Federal Aviation Administration officials.
- Los Angeles police said the plane made an emergency landing near Rose and Glenavon avenues.
- The National Transportation Safety Board was leading the investigation.
- The Cal OES Southern Duty Officer reports that per the LA County duty officer via the territorial representative, a single engine plane made an emergency landing on the Venice golf course. The small aircraft that crashed on the Venice Golf Course shortly after take-off from the Santa Monica Airport. There were no other injuries reported. There are no emergency management issues and no state assistance is required.

Cal EOC Incident – 2014 Drought

- SOC / Inland REOC remains activated in support of 2014 Drought
- Tuolumne County Drought Continuation resolution received

WEATHER

WEATHER SYNOPSIS BY REGION:

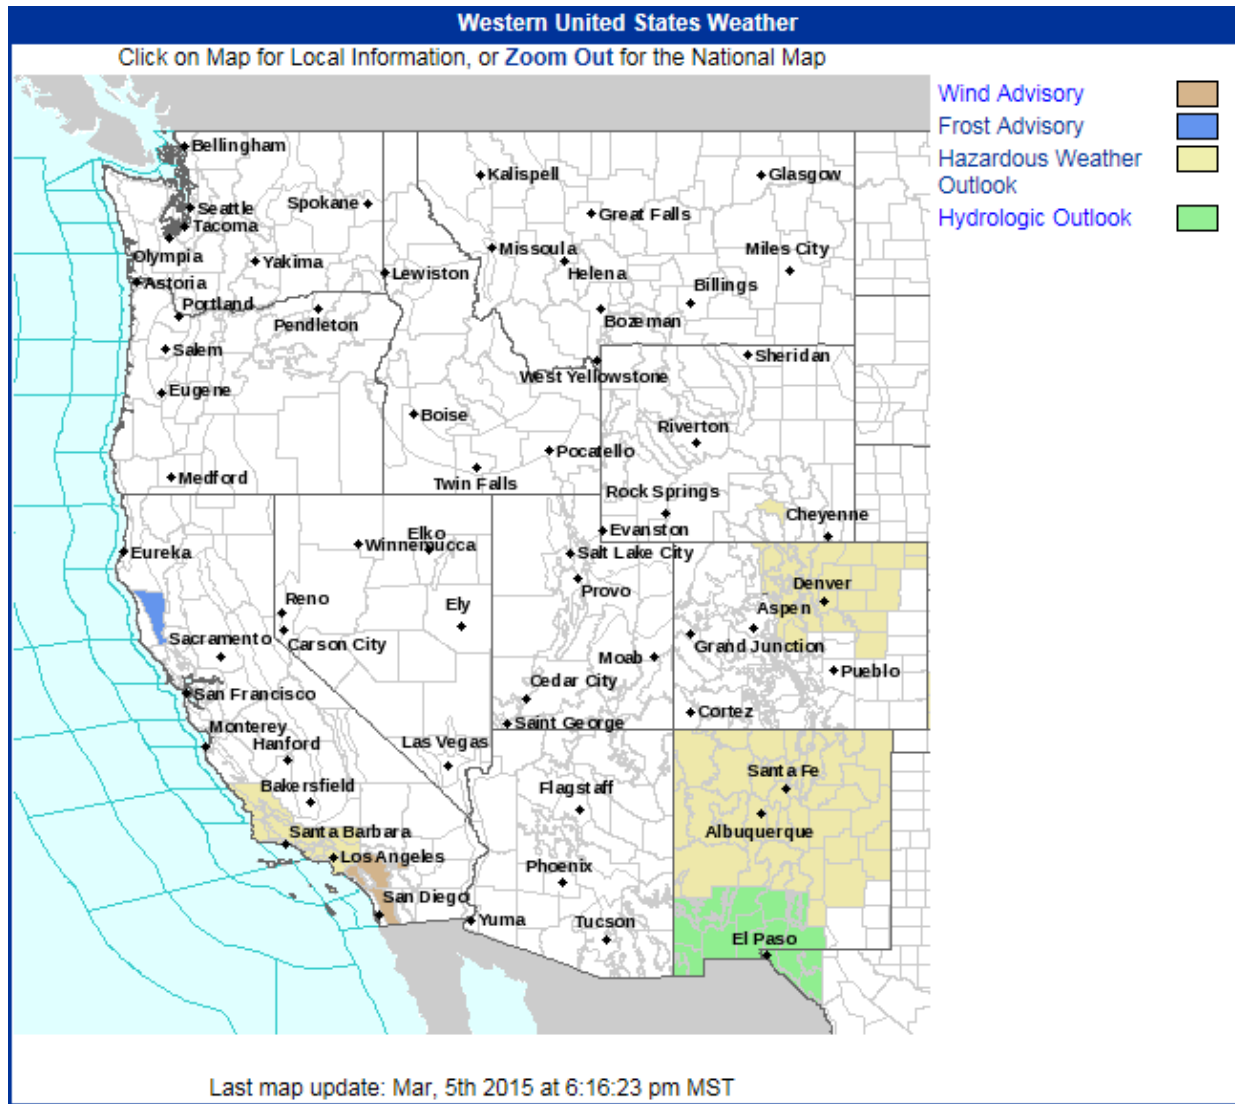

NORTHERN CALIFORNIA

A strong east Pacific high pressure system will continue to settle in across the region over the next several days. This will result in continued warming and drying, along with moderate to locally poor relative humidity recoveries in the thermal belts at night. Winds will be fairly light during the period, mainly upslope to occasionally light northeast. A gradual change in the pattern next week as computer models continue to show the high pressure weakening Monday-Tuesday, allowing for a low pressure system to move onshore by midweek, bringing increasing clouds and a chance of showers. Westerly winds will be gradually increasing during this time.

SOUTHERN CALIFORNIA

Offshore winds of 10 to 20 mph with gusts to 35 mph will continue across the mountains and below the canyons and passes of Southern California through Saturday morning as weak surface high pressure remains stationary over the Great Basin. Winds will become light Saturday afternoon through early next week as the pressure gradient becomes neutral. Temperatures will be 10 to 15 degrees above normal and minimum humidity will be in the single digits and teens away from the Central Valley through early next week as high pressure aloft sits over California. Maximum temperatures will be in the 50s to low 60s across the mountains and upper 60s and 70s in the valleys today then upper 50s and 60s across the mountains and mid 70s to mid 80s in the valleys Friday through early next week.

RECOVERY ACTIVITIES

Round Fire, Inyo and Mono Counties

- On 03/03/15, Recovery Individual Assistance (IA) staff conducted a joint County, Cal OES IA, and U.S. Small Business Administration Preliminary Damage Assessment. The damage assessment revealed at least 25 homes and/or businesses have uninsured losses of at least 40 percent of their value. Cal OES submitted a letter on behalf of Mono County to SBA requesting approval of a disaster declaration.
- The Cal OES Assistant Director of Recovery and a Recovery DAPS are deployed to Mono County to assist the County with recovery for the Round Fire event.
- Southern Region staff are attending the Inyo Disaster Council meeting at 1000 today. At 1300 Cal OES staff have a meeting/site tour with Mono County Sheriff, CAO and Board of Supervisors to tour the Round Fire burn site.
- The American Red Cross and Salvation Army continue to offer their support services.

CAL OES 2014 DROUGHT

Cal EOC Incident – 2014 Drought

- The SOC, Inland, Coastal, and Southern REOCs and the Santa Barbara County EOC are activated in support of the Drought State of Emergency and continue to monitor the situation.
- The Governor issued an Executive Order on 09/19/14, to streamline relief efforts for families with drinking water shortages due to drought. Specifically, through the California Disaster Assistance Act, to provide temporary water supplies to households without water for drinking and/or sanitation purposes.
- CDAA 2014 Drought Fact Sheet and Frequently Asked Questions provided to Regions for reference and distribution.
- Cal OES Recovery continues to coordinate a [monthly](#) state interagency conference call regarding drought community impacts.
- [Cal OES](#) Regional (Inland, Coastal, Southern) conference calls [continue to](#) occur once a month.
- [Cal OES](#) Region/Recovery Call frequencies will change on and as needed basis.
- [On 03/05/15, the Cal OES IA Voluntary Agency Liaison deployed to Tulare County to support the county with drought outreach efforts in the Porterville area.](#)
